

State of Wisconsin
Jim Doyle, Governor

Department of Agriculture, Trade and Consumer Protection
Rod Nilsestuen, Secretary

Date: 3/3/09

To: _____

Address: _____

City/State/Zip _____

Our records show that your premises may not be renewed with the State of Wisconsin's Livestock Premises Registration program. Livestock premises must be registered annually. Please note that this is a mandatory program affecting all premises in the state at which livestock are kept or may be held during the year. If you believe this information is incorrect and you already renewed or you no longer keep any of the covered livestock (animals or fish) at this location, please contact me **within the next five days**. I will then update our records and remove you from the list of potential violators.

If you need to renew your premises, I would be happy to assist you. There are two easy ways to register: 1) you can call me at (715) 577-5183; or 2) if you have access to the internet, you can renew online at www.wiid.org.

The premises registration program allows the state to respond faster to a disease outbreak that threatens animals or public health. There is no cost for renewing and the information you provide is kept confidential.

Please note that if you fail to renew, you may be subject to legal action such as forfeitures of up to \$5,000 (see ss. 95.51 and 95.99 Wis. Stats. and ch. ATCP 17, Wis. Admin. Code), so contact me **within the next five days** if you have any questions, or if you're not sure you need to renew. I can be reached by telephone at (715) 577-5183 or

by email at melissa.cochran@wisconsin.gov.

Thank you for your prompt attention to this matter.

Sincerely,

Melissa Cochran
